Crystal Labyrinth Project

Temples of Humankind Damanhur Italy

Damanhur and the Temples of Humankind

Damanhur is a spiritual eco-community nestled within the foothills of the Italian Alps. It was created to dream a new timeline for the planet. Where life would be sustained, people would live in harmony, ancient wisdom remembered, and love a prevailing guide for all relations. Central to the mission of Damanhur are the Temples of Humankind. The world's largest underground temple is a Living Library built in homage to all wisdom traditions and designed to energetically broadcast this dream of harmony throughout the Earth.

For the past ten years, Damanhur has invited indigenous elders throughout the world to deposit their lived wisdom into the Crystal Spiral Labyrinth. Consider this Crystal Spiral another Living Library of Damanhur. Broadcasting the knowledge of those Wise Ones who've dedicated their lives to the care and wellbeing of Pachamama and all who live in Her Garden. Preserving this wisdom in crystals for future generations to access and radiating harmony in every moment.

Your Support Matters

100% of funds raised are used to support the shamans journey to Damanhur.

The dream of living in harmony with all beings and Pachamama is embodied in the wisdom tradition of the Q'ero medicine people. They engage all of the Earth as a Living Library, sacred and worthy of stewardship. All ceremony aims to bring harmony within all so that peace may be realized and love becomes the standard of treatment for one another.

Your Support Matters

The Crystal Labyrinth Project is a great undertaking in partnership with Damanhur and the shamans. All who support this project will be brought into ceremonies high in the Peruvian mountains (August) and in the despacho ceremony in Damanhur (September). Each ceremony prays for harmony for your family, good health, abundant finances, and love in all aspects of your life. Thank you for your generous support. It truly takes a village of those committed to love to make a difference.
